

## ERRATUM

A Mathematical Model of Sedimentation Analysis Applied to Human Whole Blood, by C. R. HUANG, J. A. WHELAN, H. H. WANG and A. L. COPLEY, *Biorheology* **8**, 157-163, 1971.

Due to a typographical error the numbers of the sentence on lines 7-8 from the bottom of p. 161 were misplaced. The corrected sentence is as follows:

"They are calculated from equations (14), (15) and (16) with  $D = 6.35 \times 10^{-4}$  cm<sup>2</sup>/sec and  $v = 5.6 \times 10^{-9}$  cm/sec."

Katchalsky Memorial Issue, *Biorheology* Volume 9, Number 3.

It is regretted that in the above issue the name "Katzir" was mis-spelt.
