EDITORIAL:
SOFTWARE SURVEY SECTION

The introduction of the new Software Survey Section to BIORHEOLOGY is to
encourage the open exchange of information on software programs unique to our
professional field. With the rapid penetration of computers into academic and
industrial institutions has come a parallel increase in the number of
scientists and researchers designing their own software. The existence of
much of this software remains unknown to even those of us who could most
benefit from its use. We believe that it is of vital importance to our
readers that such information be made available. We believe also that a
professional journal is the best place to share such information. Your
contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in
reporting on software that you may have developed or be in the process of
developing. By completing this form, your information will reach thousands of
your colleagues who may benefit from your work and may possibly offer
suggestions for further enhancements to your software. Please complete the
enclosed form and return it to:

Dr. Richard Skalak
Department of Civil Engineering
Columbia University
Seeley W. Mudd Building
New York, New York 10027 USA

We do not intend to review or comment on the contents of the questionnaire.
It will be published as is in order to expedite the information cycle
process. I would welcome any comments you may have.

NAME OF JOURNAL_____BIORHEOLOGY_____

                       P E R G A M O N   P R E S S
                       SOFTWARE DESCRIPTION FORM

Title of software package: _____

_____

_____

It Is:  [ ]Application program    [ ]Utility    [ ]Other_____

Specific area _____
    (e.g. Thermodynamics, Inventory Control)

Software developed for [name of computer(s)] _____

in [language(s)] _____

to run under [operating system] _____

and is available in the following media:

[  ]  Floppy disk/diskette.  Specify:

        Size _____  Density _____    [ ]Single-sided  [ ]Dual-sided

[  ]  Magnetic tape.  Specify:

        Size _____  Density _____    Character set _____

Distributed by:_____

Minimum hardware configuration required: _____

Required memory: _____        User training required: [ ]Yes [ ]No

Documentation:  [ ]None  [ ]Minimal  [ ]Self-documenting
                [ ]Extensive external documentation

Source code available:  [ ]Yes   [ ]No

Level of development:  [ ]Design complete    [ ]Coding complete
    [ ]Fully operational    [ ]Collaboration would be welcomed

Is software being used currently?  [ ]Yes    [ ]No
    If yes, how long? _____    If yes, how many sites? _____

Contributor is available for user inquiries:   [ ]Yes    [ ]No

Return completed form to:
                       Dr. Richard Skalak
                       Department of Engineering
                       Columbia University
                       Seeley W. Mudd Building
                       New York, New York 10027

                                                              (continued)

[This Software Description Form may be photocopied without permission]

Description of what software does [200 words]:

Potential users: _____

Fields of interest: _____

# # # # # # #

Name of
contributor: _____

Institution: _____

Address: _____

_____

        Telephone number:_____

# # # # # # #

Reference No. [Assigned by Journal Editor]_____
