Leopold Dintenfass Memorial Issue

CONTENTS

A.L. Copley and S. Witte	143	<i>Foreword</i>
G.V.F. Seaman	145	<i>Obituary</i> Leopold Dintenfass (1921-1990) <i>International Conference on Clinical Aspects of the Hemorheology of Diabetes, Sydney, Australia, 18-19 November, 1988</i>
A.L. Copley	149	Diabetes mellitus—A biorheological disease of the vessel-blood organ
L. Dintenfass	155	Complex haemorheology of diabetes: Some interfaces with genetics and immunology
F.J. Nordt, G.V.F. Seaman, N.B. Beamer, R.J. Knox, P.L. de Garmo and B.M. Coull	167	Hemorheological profiles of diabetic stroke patients and diabetic individuals at high risk for stroke
Y. Isogai, S. Ikemoto, K. Kuchiba, J. Ogawa and T. Yokose	175	Abnormal blood viscoelasticity in diabetic microangiopathy
Z. Qing and J. Guoyan	183	Diabetes, history and survey in China
J.A. Sirs and C. Boroda	191	Variations of blood rheology in diabetic patients on Nicofuranose
E. Muralidharan and M. Singh	205	Influence of diabetes mellitus on the aggregation mechanism as analyzed by He-Ne laser light scattering
N. Tsushima	217	Microcirculation in diabetic microangiopathy
F. Amara, A. Al-Amin, R. Naga, I. Al-Dakak and K. Abdallah	227	Study of certain hormonal and vascular parameters in impotent diabetics: A therapeutic trial by improving hemorheologic aspects
W. Baisheng, W. Lijuan, D. Chunling, H. Youtian, X. Xieju and T. Ning	237	Abnormalities of hemorheology and nailfold microcirculation in diabetes without retinopathy
R.R. Puniyani, H.B. Chandalia and V. Annapurna	243	Treatment modalities and hemorheological patterns in diabetes mellitus
T. Hamazaki, M. Fujikawa, K. Yamazaki, S. Sawazaki, H. Taki, M. Kaneda, M. Urakaze and S. Yano	251	Administration of eicosapentaenoic acid ethyl ester for reduction in proteinuria of streptozotocin-induced diabetes mellitus in rats
	257	Contents of <i>Biorheology</i> Volume 27, Number 6
