

KATCHALSKY MEMORIAL ISSUE

THE TRAGIC MURDER of our distinguished Editor, Professor A. KATIZIR-KATCHALSKY has come as a great shock to the whole world of Science. This issue of the Journal is dedicated to his memory.

It is also with deep regret that we learn of the sudden death of Professor J. B. CHATTERJEA, a Member of our Advisory Board. We hope that an appreciation by one of his Indian Colleagues will also be published in a later issue.

A.L.C. and G.W.S.B.

AHARON KATIZIR-KATCHALSKY
