

Announcement

7th Asian Congress for Microcirculation (ACM'08)

Date: October 17–19, 2008
Venue: Ramada Plaza, Taian, Shandong, China
Website: www.ACM2008.net

Sponsored by: China International Exchange Center,
Chinese Society of Microcirculation (CSM)
Organized by: Taishan Medical University,
Institute of Microcirculation, CAMS & PUMC
Supported by: China Association of Science and Technology
Affiliated by: The Asian Union for Microcirculation (AUM)

Congress theme: “Microvascular Biology: From Basic to Clinic”

Congress topics (but not limited to): Clinical detection and evaluation; Tumor; Cardiovascular disease; Cerebrovascular diseases; Diabetes mellitus; Organ-specific microcirculation; Lymphatic function; Tissue regeneration; Proteomics; Angiogenesis and regulation; Ischemia and reperfusion injury; Microvascular inflammation and leukocyte function; Stem cell biology; Endothelial cell biology and function; Oxidative stress/free radicals; Imaging evaluation of microcirculation/blood perfusion; Oriental medicine; Artificial blood; Oxygen/blood transport to tissue.

Deadline for abstract: August 25, 2008

Registration fee: US \$300 – before September 15, 2008
US \$380 – after September 15, 2008
