The Biophysical Society of China

Scientific Programme

Contributions on all aspects of biorheology are welcomed. The symposium will mainly consist of oral presentations. All abstracts submitted will be reviewed by the Programme Committee. Authors will be notified of the acceptance of their contribution by **May 1st, 1992**.

Abstracts

Participants who wish to present a communication are requested to send abstracts to the Executive Secretariat before **March 1st, 1992**. The abstracts should consist of two parts:

1. A short abstract should be made camera-ready in English on white bond paper with typing area of $165 \times 118 \text{ mm}^2$ (width \times height). The abstracts will be published in the journal of BIORHEOLOGY. Sample of typing format will be sent to the participants.

2. An extended-abstract in English on white bond paper of $210 \times 297 \text{ mm}^2$ (A4) with a typing area of $145 \times 210 \text{ mm}^2$ is requested. This abstract must be limited within 4 pages. The extended-abstracts will be collected in the Proceedings of the symposium. It will be distributed to all the participants at the symposium. This abstract will not interfere with further publication of the same content as a paper for any scientific journals.
