

Author Index Volume 35 (2006)

The issue number is given in front of the page numbers.

- Abbate, R., see Mannini, L. (1,2) 175–181
- Acosta, I., see Pérez, S.M. (1,2) 311–316
- Ahmadizad, S., M.S. El-Sayed and D.P.M. MacLaren, Responses of platelet activation and function to a single bout of resistance exercise and recovery (1,2) 159–168
- Ahmadizad, S., M.S. El-Sayed and D.P.M. MacLaren, Effects of water intake on the responses of haemorheological variables to resistance exercise (1,2) 317–327
- Alexy, T., see Pais, E. (1,2) 139–142
- Almási, A., see Székely, E. (3) 387–396
- Aloulou, I., E. Varlet-Marie, J. Mercier and J.-F. Brun, The hemorheological aspects of the metabolic syndrome are a combination of separate effects of insulin resistance, hyperinsulinemia and adiposity (1,2) 113–119
- Aloulou, I., E. Varlet-Marie, J. Mercier and J.-F. Brun, Hemorheological disturbances correlate with the lipid profile but not with the NCEP-ATPIII score of the metabolic syndrome (1,2) 207–212
- Aloulou, I., E. Varlet-Marie, J. Mercier and J.-F. Brun, Hemorheologic effects of low intensity endurance training in sedentary patients suffering from the metabolic syndrome (1,2) 333–339
- Aloulou, I., see Manetta, J. (1,2) 239–244
- Amodeo, G., see Lo Presti, R. (1,2) 199–201
- Amodeo, G., see Lo Presti, R. (3) 375–377
- Andrikovics, H., see Pongrácz, E. (1,2) 75–82
- Antonova, N. and P. Riha, Studies of electrorheological properties of blood (1,2) 19–29
- Antonova, N., see Savov, Y. (1,2) 129–133
- Antonova, N., see Velcheva, I. (1,2) 155–157
- Antonova, N., see Velcheva, I. (1,2) 195–198
- Antonucci, E., see Mannini, L. (1,2) 175–181
- Arslan, M., see Aydoğan, S. (1,2) 297–300
- Arslan, M., see Yerer, M.B. (1,2) 213–216
- Athanassiou, G., A. Moutzouri, A. Kourakli and N. Zoumbos, Effect of hydroxyurea on the deformability of the red blood cell membrane in patients with sickle cell anemia (1,2) 291–295
- Audibert, G., see Caron, A. (4) 447–458
- Aydoğan, S., M.B. Yerer, F.M. Çomu, M. Arslan, I. Güneş-Ekinci, Y. Unal and O. Kurtipek, The influence of sevoflurane anesthesia on the rat red blood cell deformability (1,2) 297–300
- Aydoğan, S., see Yerer, M.B. (1,2) 143–147
- Aydoğan, S., see Yerer, M.B. (1,2) 213–216
- Barrow, M.S., see Williams, P.R. (1,2) 123–127
- Baskurt, O.K., O. Yalcin, F. Gungor and H.J. Meiselman, Hemorheological parameters as determinants of myocardial tissue hematocrit values (1,2) 45–50
- Baskurt, O.K., see Meiselman, H.J. (1,2) 37–43

- Baskurt, O.K., see Toptas, B. (3) 349–357
- Baykal, A., see Toptas, B. (3) 349–357
- Bazzoni, G., see Contini, M.C. (4) 431–439
- Bernal, C.A., see Contini, M.C. (4) 431–439
- Bernát, I.S., see Pongrácz, E. (1,2) 75– 82
- Bianciardi, G., I. Tanganelli, D. Totagiancaspro, M. Brogi, A. Carducci and M.M. De Santi, Fractal analysis of monocytes in diabetes (1,2) 269–272
- Blázovics, A., see Székely, E. (3) 387–396
