**EDITORIAL:  
SOFTWARE SURVEY SECTION**

The purpose of the Software Survey Section in CLINICAL HEMORHEOLOGY is to encourage the open exchange of information on software programs unique to our professional field. With the rapid penetration of computers into academic and industrial institutions has come a parallel increase in the number of scientists and researchers designing their own software. The existence of much of this software remains unknown to even those of us who could most benefit from its use. We believe that it is of vital importance to our readers that such information be made available. We believe also that a professional journal is the best place to share such information. Your contribution would be most welcome.

The questionnaire on the following pages is designed to assist you in reporting on software that you may have developed or be in the process of developing. By completing this form, your information will reach thousands of your colleagues who may benefit from your work and may possibly offer suggestions for further enhancements to your software. Please complete the enclosed form and return it to:

Dr. Arpad Matrai  
Klinik fur Physikalische Medizin  
Universitat Munchen, Innenstadt  
Ziemssemstr. 1  
8000 Munchen 2, Germany GFR

We do not intend to review or comment on the contents of the questionnaire. It will be published as is in order to expedite the information cycle process. I would welcome any comments you may have.

NAME OF JOURNAL CLINICAL HEMORHEOLOGY

P E R G A M O N  
SOFTWARE DESCRIPTION FORM

Title of software package: \_\_\_\_\_

It is:  Application program     Utility     Other \_\_\_\_\_

Specific area \_\_\_\_\_ (e.g. Thermodynamics, Inventory Control)

Software developed for [name of computer(s)] \_\_\_\_\_

in [language(s)] \_\_\_\_\_

to run under [operating system] \_\_\_\_\_

and is available in the following media:

 Floppy disk/diskette. Specify:Size \_\_\_\_\_ Density \_\_\_\_\_     Single-sided     Dual-sided Magnetic tape. Specify:

Size \_\_\_\_\_ Density \_\_\_\_\_    Character set \_\_\_\_\_

Distributed by: \_\_\_\_\_

Minimum hardware configuration required: \_\_\_\_\_

Required memory: \_\_\_\_\_    User training required:  Yes     NoDocumentation:  None     Minimal     Self-documenting  
 Extensive external documentationSource code available:  Yes     NoLevel of development:  Design complete     Coding complete  
 Fully operational     Collaboration would be welcomedIs software being used currently?  Yes     No  
If yes, how long? \_\_\_\_\_    If yes, how many sites? \_\_\_\_\_Contributor is available for user inquiries:  Yes     No

(continued)

RETURN COMPLETED FORM TO:

Dr. Arpad Matrai  
Klinik für Physikalische Medizin  
Universität München, Innenstadt  
Ziemssemstr. 1  
8000 München 2, Germany GFR
