Dutch Computer Chess Championship

The third C.S.V.N.\* tournament will be held at the Centraal Reken Instituut in Leiden, Holland on August 21, 22, 23, 28, 29, and 30, 1983. Some 14 Dutch chess programs will compete in an 8-round tournament. For more information please write to:

Peter van Diepen  
Schermerweg 40  
1821 BH Alkmaar  
Holland

Computer Chess Competition by Telephone

In 1982 11 Dutch chess programs played 25 games in the telephone competition of the C.S.V.N.\* The competition is still continuing and is open to new competitors. The competitors play against anyone who is available and whenever they want. Further information can be obtained by contacting:

ICCA Elections to be held in October (continued from page 4)

Section 3. Terms of Office. All members of the Executive Committee serve for a three-year term."

I am, therefore, asking that nominating petitions be prepared and mailed to me for the positions of President, Vice President, and Secretary-Treasurer. Since we expect to hold the Triennial Meeting on Monday, October 24, 1983, petitions will be accepted until July 24, 1983. The ICCA Journal published in the Summer of 1983 will announce the final slate of candidates, and the election will take place during the Triennial Meeting.

B. Mittman

Two International Tournaments Planned

ICCA has been asked to sanction two international computer chess events later this year. Negotiations currently underway will most likely result in such sanctioning. The events are:

- First International German Chess Computer Championships, Hannover, West Germany, August 5-23, 1983, in conjunction with the International German Chess Championships. For further information, please contact Frederic A. Friedel.
- World Microcomputer Chess Championship, Budapest, Hungary, October 17(?) to 19, 1983, in conjunction with Microprocessor '83 International Conference. For further information, please contact Dr. Laszlo Lindner.
