

Publication announcement

INIS has published a new release of the INIS Thesaurus in English on paper and the, Multilingual version (Arabic–Chinese–English–French–German–Russian–Spanish) on CD ¹

Joint Thesaurus Part I (A–L) and Part II (M–Z)

The ETDE/INIS Joint Thesaurus (Rev. 2) contains the controlled terminology for indexing all information within the subject scope of INIS and the Energy Technology Data Exchange (ETDE). The terminology is used in subject descriptions for input to, or retrieval of, information in these systems. The Joint Thesaurus is the result of continued editing in parallel to the processing of the INIS and ETDE databases. With updates to September 2006 Rev. 2 includes 21147 valid descriptors and 9114 forbidden terms.

IAEA-ETDE/INIS-1 (Rev. 2), 1221 p., 2007, ISBN 92-0-102207-7, English. 120.00 Euro. Date of Issue: 10 May 2007.

INIS: Multilingual Thesaurus Arabic–Chinese–English–French–German–Russian–Spanish

INIS Reference Series No. 26/CD

The INIS Multilingual Thesaurus is a tool to assist users of the INIS Database in indexing, and searching for, literature in several languages. The Thesaurus also serves workers in the nuclear field who are not directly connected with INIS, as well as translators, interpreters, authors and others working in the areas of languages, semantics or terminological reference. The translations of the terminology from the English version (source language) into Arabic, Chinese, French, German, Russian and Spanish (target
