

## Subject Index Volume 6 (1996/1997)

abdominals	187	functional tasks	203
accommodative resistance	197	functional tests	1, 7
ACL reconstruction	1, 7, 109	gastrocnemius	71
aged	163	gravity correction	89
aging	125	hamstrings	157
anatomical cross-section	101	increase hamstring flexibility	181
angle	215, 223	intraclass correlation coefficient (ICC)	117
angular velocity	215, 223	isokinetic moment	21
ankle	153	isokinetic muscle performance	125
antagonist	21	isokinetic testing	15, 145
balance	125	isokinetics	51, 57, 65, 79, 89, 101, 109, 117, 133, 187, 209, 215, 223
brace	133	isometric contractions	71, 157
calf muscles	163	isotonic	41
closed kinetic chain	7	joint displacement	215, 223
co-activation	21	junior high school football players	45
coactivation	79	junior tennis	15
concentric	21, 101, 175	knee	79, 153
concentric contraction	197	knee flexion	57
concentric quadriceps contraction	145	knee kinematics	145
correlation	203	magnetic resonance imaging	101
cross-training	101	major muscle groups	33
cybex	235	measurement error	215, 223
dominance	235	men	163
dorsal flexor	235	muscle contraction	41
dorsiflexion	153	muscle function	65
eccentric	21, 175	muscle power	41
eccentric power production	27	muscle strength	57, 209
effects	27, 181	muscular force	197
elbow flexor muscle	27	muscular power	197
elderly	125	one-legged hop test	1
electromyographic (EMG) activity	71, 157	open kinematic chain	7
electromyography	21, 133	passive stiffness	163
EMG	79	patella	133
evaluation	51	peak torque	175, 181
feedback	209	plantar flexor	235
flexion:extension ratios	33		
frontal shoe orthotics	45		
functional measurements	45		
functional skills	203		

plantarflexion	153	strength	51, 125
plyometric	175	strength measurements	203
plyometric training	45	strength profile	33
position	235	submaximal effort	139
postpartum	187		
previous contraction condition	27	test position	57
protocol	139	time to peak torque	175
		torque	153, 157, 215, 223
reliability	41, 117	trunk flexion/extension ratios	89
review	117	trunk flexion/extension strength	15
		trunk muscle strength	187
sagittal plane translation	145		
sex	235	validity	139
shoulder	51	velocity	65
single versus multiple joint testing	109		
SLR	181	work	181
squat exercise	197
