In Figure 2 on page 1826 of the original version of this article, the labels “worsening” and “improvement” should be reversed. This issue is only related to Figure 2, and the in-text results are correct.

The updated and corrected Figure 2 has been placed in its entirety below.

Forest plot of treatment response in open label and randomized placebo-controlled drug trials in patients with Alzheimers disease

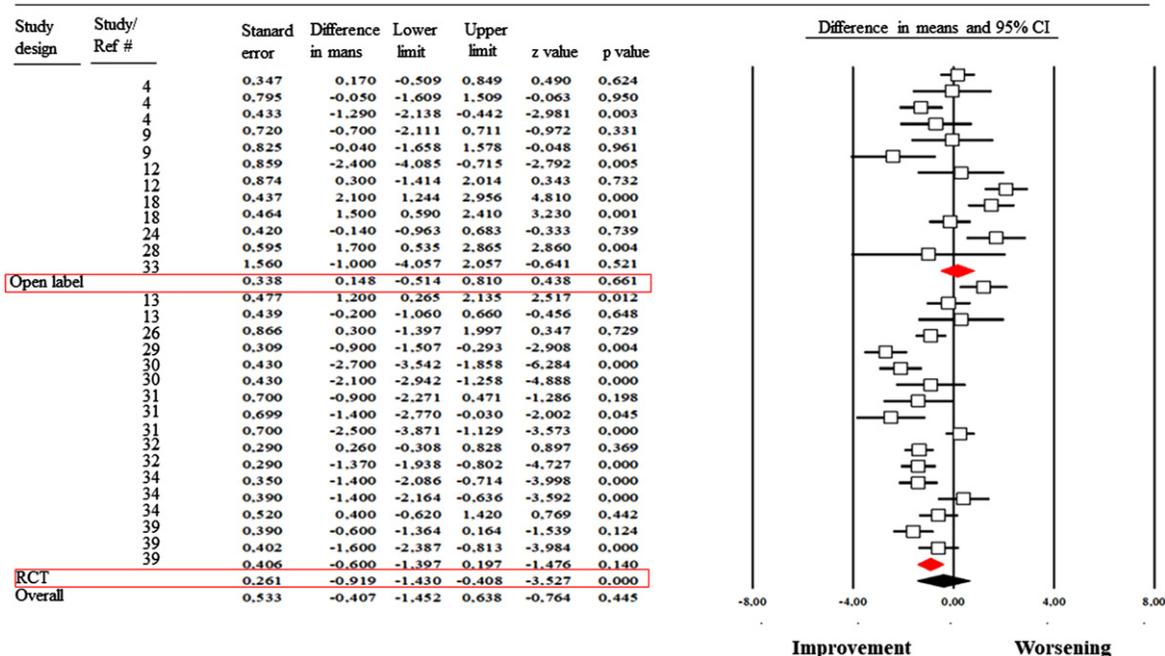

Fig. 2. Forest plot of treatment responses in open-label and RCT pharmacological trials in AD patients. When studies included more than one outcome measure, they were reported as separate studies.
