

Keyword Index Volume 24 (2011)

abdominal drawing-in maneuver	233	healthy Nigerians	101
abductor hallucis	225	healthy subjects	251
anxiety	95	herniated cervical disk	89
		hip osteoarthritis	201
B200 isostation	17	hyaluronic acid	31
back extensors	23	hydrotherapy	57
back pain	111, 137	hypertension	111
backpack	1		
balneotherapy	57	intra-articular injection	31
blood pressure	111		
bone mineral density	117	ketoprofen	39
		ketorolac	31
carpal tunnel syndrome	39	kinematic	201
cervical epidural	123	knee	215
cluneal nerve	137	knee injury	49
cognitive-behavioural approach	161	knee pain	77
complication	67	kyphosis	129
cross sectional area	23		
curves	129	latent trigger point	251
cycling	129	LBP	181
		low back muscles	101
degeneration	23	low back pain	83, 145, 195, 233
depression	95	Lumbar range of motion	181
disability	145	lumbar region	241
disability evaluation	83	lumbar spine	155, 195
double pack	1	lumbosacral	67
double-blind study	251		
		medial longitudinal arch	225
efficacy	67	morphotype	129
electromyography	209, 215, 233	MRI	23
electrotherapy	155	multiple compression fractures	117
epidural steroid injection	67	muscle fat	23
etiology	49	muscle fatigue	17
exercise therapy	241	muscle strength	251
exercises	209	muscles	215
		musculoskeletal disorders	161
fibromyalgia	57	myofascial pain syndrome	257
fibromyalgia syndrome	257		
front pack	1	nerve entrapment	137
		normative data	101
gait analysis	201		

obesity	111	scapular stabilization	173
occupation	49	sciatica	23
opioid	123	short-foot exercise	225
osteoarthritis	31, 77	shoulder pain	189
osteopoikilosis	257	Similarity Index (SI)	17
		sitting group exercise	181
pain	1, 111, 155	Sørensen test	101
pain relief	77	spine	209
patellar tendinopathy	49	spirometry	57
percutaneous nucleotomy	89	stability	209
peripheral nerve	77	static endurance	101
pes planus	225	steroid	123
phonophoresis	39	strengthening	173
physical therapy modalities	57	Subacromial Impingement Syndrome	173
plain radiograph	195	surface electromyography (EMG)	17
post partum osteoporosis	117	systematic review	1
posture	129		
pulsed radiofrequency	77	transforaminal	67
pulsed radiofrequency technique	189	transverse abdominal muscle	233
		treatment	189
quadriceps muscle	215	trigger point	137
quality of life	95		
		ultrasound	39, 137, 233
radicular irritation	89		
rehabilitation	111, 117, 161	validity	83, 145
reliability	83, 145, 195	VAS	181
rheumatoid arthritis	95	VAS score	89
roland-morris questionnaire	83		
Rolland Morris	181	walking	201
		weight lifting	241
saphenous nerve	77	work hardening	161
scale	145	work-related limitations	49
