

Erratum

There was a typo in the paper Lipovetsky, S. (2021) Game Theory in Regression Modeling: A Brief Review on Shapley Value Regression, *Model Assisted Statistics and Applications*, 16(2) (2021), 165–168.

In the first source in list of references, the name of the first author Encarnación Algaba was mistakenly omitted. That book should be referred as:

Algaba, E., Fragnelli, V., and Sánchez-Soriano, J., eds. (2020). *Handbook of the Shapley Value*, CRC Press, Taylor & Francis Group, Boca Raton, FL, USA.

It can be cited in the text as (Algaba et al., 2020).
