Service patterns related to successful employment outcomes of persons with traumatic brain injury in vocational rehabilitation

by Denise Catalano, Ana Paula Pereira, Ming-Yi Wu, Hanson Ho and Fong Chan

[*NeuroRehabilitation* 21 (4) (2007), pp. 279–293]

When this article was first published, there was an error in Fig. 2: The “No” and “Yes” boxes under “Job Placement” contained the wrong numbers. The figure given here is the correct version.

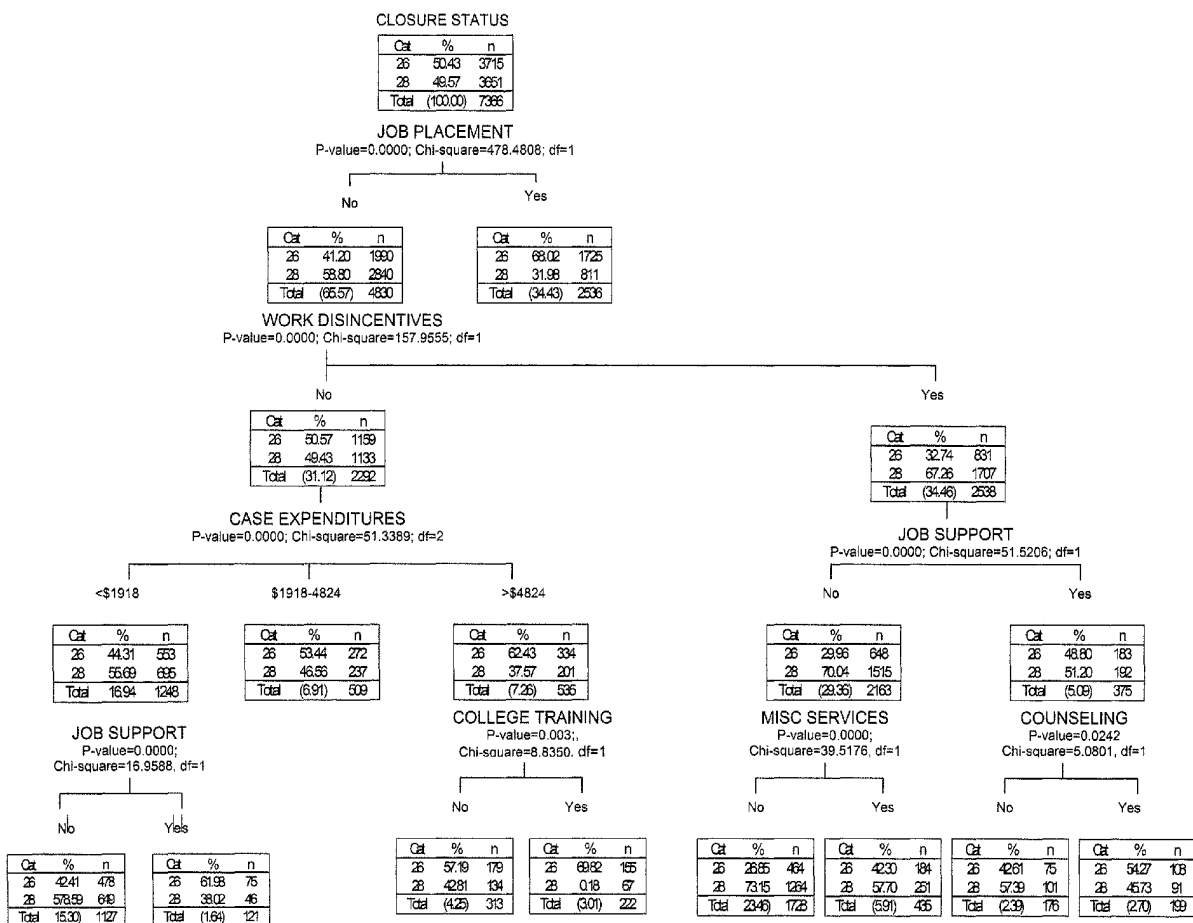

Fig. 2. CHAID diagram of the partial tree depicting factors predicting subgroups of individuals who did not receive job placement assistance.
