Dear Readers,

Thank you for taking the time to read the latest issue of *Physiotherapy Practice and Research*.

A huge thank you again to everyone who makes this journal possible. Including the support from those in the ISCP office and of course our reviewers. The authors of these manuscripts are hugely indebted to you and the time you give up to review these manuscripts.

This issue includes a broad range of research across the core specialities of physiotherapy in addition to educational research. We hope you enjoy this issue and thank you for your continued support.
