Errata

In Volume 5, Number 2 of *Scientific Programming*, Special Issue on High Performance Functional Computing, there is an error in the second Guest Editor's name in the heading above the Table of Contents. The correct spelling is: "Rodney R. Oldehoeft."

Also, there is an error in an FTP address in a footnote of the Guest Editors' Introduction by R. L. Page and R. R. Oldehoeft on page 93. It should read: "All conference papers, in Postscript format, are available via anonymous ftp from sisal.llnl.gov, in /pub/hpfc/papers95/."
