# Erratum to: Expression profiles of miR-29c, miR-200b and miR-375 in tumour and tumour-adjacent tissues of head and neck cancers

Kristyna Hudcova, Martina Raudenska, Jaromir Gumulec, Hana Binkova, Zuzana Horakova, Rom Kostrica, Petr Babula, Vojtech Adam and Michal Masarik

[*Tumor Biology*, **37**, 2016, 12627–12633, DOI: 10.1007/s13277-016-5147-2]

The sections *Clinico-pathological characterization of HNSCC patients* as well as *Abstract* contained a mistake. The tumour-adjacent tissue in this study was not verified histologically, but only macroscopically by the surgeon. The main message of this study stays *bona fide* the same. Therefore all mentioning of “histologically verified adjacent tissues” should be substituted for “non-tumorous mucosa adjacent to the tumour site which was macroscopically healthy, i.e. at a safe distance from the tumour”.
