

From the Editor

This issue is one of our first that contains two special sections. We are excited to use this new format for some of our special issues.

The first special section is on *Ergonomic Practices in Hong Kong*. It has been ably guest edited by occupational therapist, Dr. Andy S.K. Chen. This special section contains nine articles introduced by Dr. Chen in his *From the Guest Editor*. I know you will find these articles of interest.

The second special section is on *Work Injury Management*. The guest editor is also an occupational therapist, Dr. Carol James. Dr. James provided a thorough overview of work injury management in her *From the Guest Editor*. This special section contains four articles.

As always, I welcome hearing from you and hope that you will consider submitting your scholarly work to our journal.

Cheers,
Karen
Editor, WORK
Occupational therapist & ergonomist
